Lisa Lotte Fokkinga.

`Frontend development`   `Design`

Hi, I'm Lisa Lotte Fokkinga, a 24-year-old student at Hogeschool van Amsterdam. I'm currently in my third year of Communication and Multimedia Design. My focus lies in web design and development.

I describe myself as creative, curious, patient, empathetic, social, and driven. I prioritize both the quality of work and effective presentation, always striving to create something beautiful. I place a strong emphasis on personal development, as well as equality and freedom of speech.

WORK EXPERIENCES

April 2021 - Present

Easyway
Hiker

As a Hiker at Easyway, I am responsible for transportation of vehicles. I prioritize ensuring safe deliveries while upholding a social and formal approach in client interactions. I have maintained an incident-free record, actively enhancing the company's reputation for reliability and safety.

Oktober 2019 - June 2020

Studentaanhuis
Computerstudent

As a Computer student at Student aan huis, I try to help individuals navigate and resolve their computer issues. I bring a patient and solution-driven approach to troubleshooting. This position has not only allowed me to refine my technical skills but has also contributed to creating a positive and supportive tech environment.

INTERNSHIPS

April 2023 - June 2023

FBI Digital
Frontend & UX design

During my internship, I got the hang of presenting designs and found my way in working with diverse teams. I'm quick to pick up new concepts, but I'm working on expressing my design choices better. It solidified my love for both Design and frontend development, and I'm excited about growing flexibly in the digital design scene.
